

SAYAK SARKAR

UI/UX Designer & AI-Native Designer

sayakdesign.ux@gmail.com • +91-9933095249 • sayakuxart.in • [LinkedIn](#) • Kolkata, India

Problem-solving UI/UX & AI-Native Designer with a strong command of AI-driven design practices, leveraging tools like Figma AI, Galileo AI, and Uizard to accelerate ideation and deliver intelligent, adaptive digital experiences. Adept at applying AI-adaptive workflows to translate complex user challenges into accessible, research-backed solutions. Driven by a systems-thinking mindset and a commitment to crafting designs that are not only visually compelling but functionally smart bridging human needs with the precision of modern AI-assisted design.

SKILLS

Design Tools: - Figma, Adobe Creative Suite (Photoshop, Illustrator, XD), Miro, FigJam, Mural, Uizard, Maze

AI & Native Design: - Galileo AI, Figma AI, Claude for Advanced UX Web Designs, AI-adaptive Prototyping, AI-integrated Wireframing, Prompt-driven Design Workflows

Visual Design: - Typography, Colour Theory, Grid Systems, Visual Hierarchy, Iconography, Brand Identity, Motion & Micro-interaction Design

UX & Interaction: - User Research, User Personas, Usability Testing, Wireframing, Prototyping, Interaction Design, Journey Mapping, SCAMPER Ideation, Information Architecture, Accessibility Design, Microsoft clarity for testing.

Problem Solving: - Design Thinking, Double Diamond Framework, Root Cause Analysis, Heuristic Evaluation, Iterative Testing

Soft Skills: - Empathy, Communication, Collaboration, Storytelling, Stakeholder Management, Agile/Sprint Workflow

EXPERIENCE

UI/UX & Customer Experience Designer Intern | Apka Kisan Agrotech Pvt. Ltd. Jun 2025 – Aug 2025

- Built responsive websites for the company on **Shopify and Figma**, designing end-to-end product discovery experiences tailored for rural farmers and other clients.
- Developed user personas representing key **customer segments, enabling targeted design decisions that improved engagement clarity and interaction flows across product lines.**
- Redesigned 3 packaging concepts and **4+ customer interaction** flows using problem-solving frameworks, improving engagement clarity across 2 product lines.
- Collaborated with a cross-functional team of 8+ members to align design decisions with **business goals**, delivering all milestones within a 3-month internship timeline.

ACADEMIC PROJECTS

Bookstore App & Website Design: -

- Conducted user interviews and surveys with **80+ participants** to uncover digital reading behaviors and library needs, with 10 usability testing sessions to validate design decisions.
- Applied problem-solving methods to create user personas and journey maps, revealing **3 key pain points around search and navigation.**
- Designed **AI-integrated high-fidelity Figma prototypes** with smooth interaction design using an agile, sprint-based workflow.

Banking & Payment App Design: -

- Conducted user research and surveys with **90+ participants**, gathering structured feedback to understand digital banking behaviors and identify critical usability gaps.

- Built and iterated high-fidelity **Figma prototypes through multiple sprints**, improving task completion clarity based on iterative usability findings.

EV Electric Parking App Design - Smart Designsprint Challenge | SurveySparrow, USA:-

- Designed a smart EV parking and charging management app for a gated community of **200 residents**, as part of a design challenge by SurveySparrow, USA.
- Developed detailed user personas representing **3 distinct resident driver archetypes** — daily commuters, occasional users, and EV-new adopters — to guide design strategy.
- Mapped **end-to-end journey flows for each persona** to identify key friction points in slot discovery, booking, and charging status tracking within the gated community.
- Delivered high-fidelity interactive Figma prototypes featuring real-time slot booking, AI-adaptive notifications, and community-specific access controls.

EDUCATION

M.Design - User Experience Design Lovely Professional University, Phagwara	2024 – 2026
CGPA: 8.8 / 10	
B.Design - User Experience Design DIT University, Dehradun	2019 – 2023
CGPA: 7.9 / 10	

CERTIFICATIONS

-
- Google UX Design Foundation Certificate -Coursera
 - Published Academic Research Paper Optimizing Solar Panel Performance Through User-Experienced Monitoring Interfaces, accepted at ICPOD 2025, Lovely Professional University.
 - Bachelor in Design, Specialization in UI/UX - DIT University, Dehradun.
 - Master in User Experience Design & Interaction Design – Lovely Professional University, Punjab.
