

SAYAK SARKAR

UI/UX Designer & Interaction Design Specialist

sayakdesign.ux@gmail.com • +91-9564125320 • sayakuxart.in • Kolkata, India

A passionate UI/UX & Interaction Designer with hands-on internship experience, strong problem-solving skills, and the ability to transform complex user challenges into intuitive, accessible digital experiences.

SKILLS

Design Tools Figma, Adobe Creative Suite, Miro, FigJam, Mural, Uizard, Galileo AI, Figma AI, Maze

UX & Interaction User Research, Usability Testing, Wireframing, Prototyping, Interaction Design, Journey Mapping, Information Architecture, Accessibility Design

Problem Solving Design Thinking, Double Diamond Framework, Root Cause Analysis, Heuristic Evaluation, Iterative Testing

Soft Skills Empathy, Communication, Collaboration, Storytelling, Stakeholder Management, Agile/Sprint Workflow

EXPERIENCE

UI/UX & Customer Experience Designer Intern | Apka Kisan Agrotech Pvt. Ltd. Jun 2025 – Aug 2025

- Designed responsive website interfaces that streamlined product discovery experience for rural farmers.
- Applied problem-solving frameworks to redesign packaging concepts and customer interaction flows, improving engagement and clarity.
- Collaborated with cross-functional teams to align design decisions with business goals and user needs.

ACADEMIC PROJECTS

Bookstore App & Website Design

- Conducted user interviews and surveys with 20+ participants to uncover digital reading behaviors and library needs.
- Applied problem-solving methods to create user personas and journey maps, revealing 3 key pain points around search and navigation.
- Designed AI-integrated high-fidelity Figma prototypes with smooth interaction design using an agile, sprint-based workflow.

Banking & Payment App Design

- Conducted user research and surveys to understand digital banking behaviors and identify critical usability gaps.
- Built and iterated high-fidelity Figma prototypes through multiple sprints, improving task completion clarity.

EV Electric Parking App Design

- Conducted user interviews and surveys to identify pain points in locating and booking EV charging parking spots.
- Created user personas and journey maps to understand driver behavior and map key friction points in the parking flow.
- Designed high-fidelity interactive prototypes in Figma with smooth interaction design using an agile, sprint-based workflow.

EDUCATION

M.Des — User Experience Design | Lovely Professional University, Phagwara 2024 – 2026
CGPA: 8.8 / 10

B.Des — User Experience Design | DIT University, Dehradun 2019 – 2023
CGPA: 7.9 / 10

Higher Secondary (WBCHSE) | Bardhaman C.M.S High School, West Bengal | 2019

CERTIFICATIONS

- Google UX Design Foundation Certificate — Coursera
- Published Academic Research Paper — *Optimizing Solar Panel Performance Through User-Experienced Monitoring Interfaces*, accepted at ICPOD 2025, Lovely Professional University.
- Bachelor in Design, Specialization in UI/UX — DIT University
